

A MOST REMARKABLE CASE!!

SCROFULA CURED

AND

EFFECTUALLY ERADICATED BY USING
DR. JOHN BULL'S SARSAPARILLA.

WE would most respectfully invite the attention of our readers to the statement of Thomas N. Ringo, headed "Important to the Public," in to-day's Tribune, who was cured of a most terrible disease by the use of Dr. Bull's Sarsaparilla. This must be a medicine of great value. The commendatory notices from various respectable sources must have the effect of convincing the most incredulous of its great power, in curing diseases having their origin in a depraved condition of the blood.—*Pittsburgh Evening Tribune.*

I, THOMAS A. RINGO, of Graves County, Ky., for the benefit of mankind generally, do hereby certify, that on or about the 16th day of October, 1847, I was attacked with a very severe pain in the lower part of the abdomen, which lasted but a few minutes, and moved into the left hip, and continued exceedingly painful for about five days, during which time I had a very light fever. At the end of that time the fever ceased, and the pain abated for a day or two, after which it again returned, and was much worse than before. During all this time I was under medical treatment. From a short time after I was taken, I was unable to walk or sit up; the hip in which the pain was so bad commenced rising, until some time in January, when it burst, and a number of pieces of bone came out—as many as twenty at least. Some of the pieces were three-fourths of an inch long. Some time after this, a hard knot appeared on the right hip, also one on my right wrist, and one on my leg below my knee. I continued to get weak and worse, and pain made its appearance in my right shoulder, and would move in my breast and stomach. At this time all persons gave me up to die. A physician then told me that, as a last remedy, I had better use MR. BULL'S FLUID EXTRACT OF SARSAPARILLA. After the use of the second bottle, the knot on my wrist commenced getting soft. I opened it, and a day or two after a piece of bone came out. My wrist soon got well, and I continued to gain strength. After I used the third bottle, I could get no more for some four weeks, after which time I succeeded in getting three more bottles. After using the three last bottles, the knot on my hip became soft; it was opened, and some corruption ran out, together with a small piece of bone, and the sore soon got well, and the knot entirely disappeared. The sore on my leg also opened, and a piece of bone came out. I continued the use of the Sarsaparilla until I used twelve bottles, and am now entirely well, and am able to do daily labor. It may seem strange to some, but I will here state that during the summer of 1849, I coughed up three pieces of bone, which can be seen at the residence of my uncle, Thomas Neal, where I now live; and if any persons doubt this statement, I will be happy to converse with them, if they will call on me.

(Signed)

THOMAS A. RINGO.

STATE OF KENTUCKY, GRAVES COUNTY, SCT.

This day personally came before me the undersigned, an acting Justice of the Peace in and for said county, and made oath in due form of law, that the above statement is true: Subscribed and sworn to, this 15th day of February, 1850.

S. P. MORSE, J. P. for G. C.

I, Irwin Anderson, Clerk of the County Court of Graves County, State of Kentucky, do certify that S. P. Morse, whose name is signed to the above certificate, is now, and was at the time of signing the same, a Justice of the Peace in and for said Graves County, duly commissioned and qualified as such, and that faith and credit are due all his acts as such.

In testimony whereof, I have hereunto set my hand, and caused the seal of the County Court of said county to be hereunto affixed, this 18th day of February, 1850.

IRWIN ANDERSON.

Can the reader believe, after reading the descriptions of the above numerous cures, that there are still a few beings left suffering with disease, who refuse to give Bull's Sarsaparilla a trial? It is indeed hard to believe, but nevertheless it is too true. What kind of testimony would it take to convince the few remaining disbelievers, that Bull's medicine will do more even than it promises! The Doctor could produce another and another cure performed by his medicine; but if the cases published above will not convince the skeptical, it is useless to produce any more; and, indeed, it would cost a fortune, to publish the many certificates that have been showered on Dr. Bull. The largest mammoth sheet in America would not contain even the names of those cured, let alone full statements of their cases.

9th month.

SEPTEMBER, 1857.

30 days.

A BEAUTIFUL CLEAR SKIN.—How we all admire a clear, beautiful, white skin, and a rosy-colored cheek! How often do we see persons not possessing this desideratum, “so devoutly to be wished,” resorting to cosmetics, lotions, washes, paints, and coloring materials, to restore them to a semblance of what disease has deprived them of, and that, too, with great injury to the skin. Bull's Sarsaparilla is the best cosmetic known. It beautifies the skin by removing every particle of morbid and diseased matter from the blood, making it pure, healthy, and vigorous, giving activity to every minute vessel, and changing the yellow and dark countenance to the bloom and freshness of youth. Ladies, abandon the use of paints and mixtures, and use Bull's Sarsaparilla, the only effectual remedy. “A word to the wise is sufficient,” and a hint is enough for the ladies.

A CONTRAST.—Good nature, like a bee, collects honey from every herb. Ill-nature, like a spider, sucks poison from the sweetest flower.

OPINIONS OF THE PRESS!

READ! READ!! READ!!!

The truly wonderful and remarkable cures that have come under our immediate observation, have more than convinced us that Doctor Bull is a GREAT MAN, and that his Fluid Extract of Sarsaparilla is the most valuable combination of vegetable extracts that the science of chemistry has ever produced. All success to the Doctor, in his new enterprise, say we.—*Louisville Courier*.

We agree with our neighbor of the Courier, that Doctor Bull is a GREAT MAN, and that his Sarsaparilla is a GREATER MEDICINE; and we are fully convinced that the Doctor, with his Sarsaparilla, will create a far more enthusiastic excitement East, than Barnum did with Jenny Lind. We would not have our readers to understand us as classing the Doctor and his Sarsaparilla with Barnum and Jenny Lind, because all who spend their dollar for a bottle of Bull's Sarsaparilla will get its equivalent; and we have heard it slyly hinted, that many after hearing the divine Jenny, and finding their pockets minus from ten to twenty dollars, thought it was paying pretty dear for the whistle. One objection we have to Bull's Sarsaparilla, and only one—it is so exceedingly pleasant to the taste, and invigorating to the system, that, once in the habit of using it, it is equal to smoking fine regalias, chewing Langhorne's best, or drinking Walker's mint juleps—you can't quit it.—*Louisville Democrat*.

The above complimentary notices from the editors of the Louisville Courier and Democrat, were endorsed by Geo. D. Prentice, Esq., the distinguished editor of the Louisville Journal, in the following flattering notice:

There is no doubt in the world of the greatness of Doctor Bull, and the excellence of his Sarsaparilla. Some of the most scientific physicians in this city have applauded the Sarsaparilla; and what is a great deal better, the million applaud it too. It is having a tremendous sale. The celebrated Jayne has, from the profits of his medicine, built a granite palace in Philadelphia, seven stories high, and Dr. Bull, if he chooses, can very soon build one twice as high as that. It is, we are told, very difficult for him to walk through our streets at all; as he finds himself arrested at every step, by grateful men and women, many of whom have travelled from great distances to look upon their benefactor, and to bless him for their wonderful restoration to health. The Doctor, with all his extraordinary merit, is very modest and retiring; yet, we trust that the Eastern cities will, in justice to themselves, give a fitting reception to the distinguished man who has made as glorious a campaign against human diseases as Gen. Scott made against the Mexicans.

DR. BULL'S SARSAPARILLA!

We publish the notice of this valuable medicine. We but seldom call attention to the medicines which we so frequently and generally publish in our paper, but this forms an exception. The list of articles which compose this Extract of Sarsaparilla, have been fully and freely submitted to the examination of the physicians of our country; and many of the most eminent and successful practitioners of medicine have decided in its favor—highly recommend it and use it themselves. Perhaps no medicine, in the same length of time, has become so universally popular. We, therefore, feel perfectly safe in calling attention to this very valuable medicine which is manufactured and sold by Dr. John Bull, of Louisville.—*Nashville Christian Advocate*.

BULL'S SARSAPARILLA.—This is truly a valuable medicine, and worthy the high reputation it has acquired. We took a cold a few weeks since, which threatened serious consequences, if not arrested. A cold upon the lungs, producing a severe cough and a violent pain in the chest, is alarming indeed. We neglected doing any thing for it until we were completely prostrate. We purchased a bottle of the Sarsaparilla, and used it three or four days, and were greatly relieved. We believe this medicine to be an excellent remedy, and can safely recommend it to those afflicted with incipient consumption.—*Iroquois Journal, (Ill.)*

Ye who are basking in the sunshine of health and happiness, be advised! Ye who are strong and rugged, and who, through your own prejudice, or that of your medical adviser, laugh to scorn remedies brought to the relief of suffering humanity, beware!

"Bull's Fluid Extract of Sarsaparilla" is no secret medicine!—no humbug! It has done too much for the afflicted to be so denounced! To repair the shattered bark of life, torn and tattered by disease in all its parts, and to put it again upon the great ocean of society, with its sails unfurled to the winds of heaven, is something. To enter the sick man's chamber, with death knocking at his door, while life is in its evening tide, and to light up, with the rays of hope, his feeble health, and bid him live—this, too, is something. Those in health, and who wish to continue so, use "Bull's Sarsaparilla" every morning and evening. It acts specifically upon the liver, the blood, and digestive organs. The proof of its efficacy is before you. Not a single man, woman, or child, has died of cholera, or any of its symptoms, who used this invaluable preparation. Look at the city of Louisville, where this Sarsaparilla is made, and where one hundred and fifty to two hundred bottles are retailed daily; but few isolated cases of cholera have occurred, and they were either from the boats, or who disregarded our advice.—*Cincinnati Chronicle*.

THE CAPITOL AT WASHINGTON,

represented in the above engraving, is a large and showy building, of the Corinthian order of architecture, of freestone, and painted white. It is situated in the centre of a square, on an eminence 78 feet above tide-water; and consists of a central edifice and two wings, the entire length being 352 feet, and the depth of the wings 121 feet. On the east front, there is a splendid portico of 22 columns, 38 feet high; and on the west front, a portico of 10 columns. The height of the building, to the top of the dome, is 120 feet; and under the dome, is the rotunda, 95 feet in diameter, and of the same height, adorned with sculpture and paintings of a national character. On the east front, in niches, are colossal figures, in marble, of Peace and War, and a fine marble statue of Columbus at the entrance. The colossal statue of WASHINGTON, by Greenough, stands in the east park, in a neat temple erected for the purpose. Within the building, are the hall of the House of Representatives, the Senate chamber, the library of Congress, the court-room of the Supreme court, and some 70 rooms for the accommodation of committees, &c., &c. Around the capitol, are 22 acres of park, highly ornamented with trees, shrubbery, fountains, &c.

GOVERNMENT OF THE UNITED STATES.—The seventeenth Presidential term of four years began on the 4th of March, 1853, and will expire on the third of March, 1857.

FRANKLIN PIERCE	New Hampshire	President	Salary \$25,000
DAVID R. ATCHISON	Missouri	Vice-President, <i>pro temp.</i>	" 8,000
WILLIAM L. MARCY	New-York	Secretary of State	" 8,000
JAMES GUTHRIE	Kentucky	Secretary of the Treasury	" 8,000
JEFFERSON DAVIS	Mississippi	Secretary of War	" 8,000
JAMES C. DOBBIN	North Carolina	Secretary of the Navy	" 8,000
ROBERT MCLELLAND	Michigan	Secretary of the Interior	" 8,000
JAMES CAMPBELL	Pennsylvania	Postmaster-General	" 8,000
CALEB CUSHING	Massachusetts	Attorney-General	" 8,000

CONGRESS.—The SENATE is composed of two members elected by the Legislature of each state for the term of six years. Of course the number of Senators is now sixty-two. The Vice-President of the United States is President of the Senate. In his absence, a President *pro tempore* in chosen by the Senate.

THE HOUSE OF REPRESENTATIVES is composed of representatives from each state, in the ratio of one to every 70,680 of the population. The present number of members is two hundred and thirty-four; and there are seven delegates, one each from Oregon, Minnesota, Utah, New-Mexico, Washington, Nebraska and Kansas territories, who have a right to speak, but not to vote. The compensation of the members is \$8. and that of the speaker \$16. per day during the session, and \$8. for every twenty miles' travel in going and returning

SUPREME COURT.—Chief Justice, Roger B. Taney of Maryland, salary 5,000. Associate Justices, John McLean, Ohio; James M. Wayne, Georgia; John Catron, Tennessee; Peter V. Daniel, Virginia; Samuel Nelson, New-York; Robert C. Grier, Pennsylvania; Benjamin R. Curtis, Mass.; John A. Campbell, Alabama; salary \$4,500. This Court is held in Washington, and has but one session annually, commencing on the first Monday in December.

CIRCUIT COURTS.—The United States are divided into nine judicial circuits, in each of which a Circuit Court is held at least twice a year for each state within the circuit, by a Justice of the Supreme Court, and the District Judge of the state or district in which the court sits.

DISTRICT COURTS.—The United States are also divided into forty-six districts, in which District Courts are held by thirty-six district judges. And in each of the Territories, there is also a Judge and two Associate Judges, appointed by the Executive of the United States.
